AUTOMOTIVE PRODUCTS

EXTERIOR CLEANING PRODUCTS:

- Ultrakleen A50

Premium quality, high foaming biodegradable heavy duty traffic film remover, developed for the cleaning of commercial vehicles.

- Traffikleen A290

Multi-purpose biodegradable economical traffic film remover for use by hand application or in automatic brush or spray machines.

- WASH and WAX

High quality biodegradable wash and wax concentrate. Provides a high standard of protection to paintwork. Water repellent and leaves a high gloss finish on all types of commercial vehicles.

- Sparkal

Multi-purpose, controlled foam, biodegradable liquid cleaner for effective removal of traffic film removal from commercial and public transport vehicles.

- Super Trailblazer

High quality, biodegradable heavy duty traffic film remover formulated for cleaning commercial and public transport vehicles.

- Sparwash

Specially formulated detergent for use in car jet wash machines. Also suitable for handwashing of cars. Biodegradable, non-caustic, fast and easy to use.

- Super Curtkleen

Specialised concentrated biodegradable vinyl cleaner for removing traffic film and heavy grime from curtain-sided trailers.

- Chassisklenz

Biodegradable, solvent free, cleaning product developed for the safe and efficient removal of oil, grease and road soils from commercial vehicles' chassis, undergear and engines.

- Creet

Inhibited acidic descaler and deruster formulated to rapidly remove carbonate scale, iron oxide deposits, cement and limestone from plant and equipment.

- Bitumex

Spot remover for removing tar deposits from vehicle paintwork.

- Lacqsolv

Remover for non-wax type protective coatings from the exterior of new cars and trucks.

- Aerokleen Polish

High gloss easily applied liquid polish. Originally developed for the aircraft industry and is extremely effective on car finishes.

- Glasskleen

Ready to use, non-smearing glass and perspex cleaner which gives rapid crystal clear results on all glass surfaces, including double glazing, windscreens and mirrors.

ALUMINIUM CLEANERS:

- Alubrite

Acidic cleaner for aluminium vehicles. Effective removal of heavy tarnish, oxide film and surface dirt in one application.

MULTI-PURPOSE CLEANERS:

- Super V-Kleen

Super concentrated non-hazardous biodegradable forecourt pump and floor cleaner. Does not interfere with interceptors.

- Aerokleen CD1

Oil stain and tyre deposit remover. Solvent-free, biodegradable and completely safe on both painted and unpainted surfaces, and forecourt concrete and brickwork.

- V-Kleen

Biodegradable multi-purpose cleaner designed to clean concrete walls, workshop floors, metal surfaces and road vehicles.

INTERIOR CLEANING PRODUCTS:

- Aerokleen B

Concentrated biodegradable vehicle interior and hard surface cleaner. Originally developed as a low foaming, fast acting cleaner and reodouriser for aircraft cabins.

- Aerokleen B Plus

Bactericidal cleaner concentrate to provide clean germ free surfaces suitable for ambulance, food and livestock transport.

- HY-Kleen

Non-tainting biocidal sanitizer and hard surface cleaner, fast cleaning for use in both food and non-food areas, including refrigeration, microwaves, chillers, vending machines etc.

- Chewing Gum Remover A concentrated ready-to-use product for removal of chewing gum deposits from hard surfaces such as concrete, brickwork, vinyl and wooden floors.

- Spruce Thickened toilet cleaner and reodourizer designed to effectively remove scale and stains from ceramic sanitary ware. Pleasantly perfumed with disinfecting properties to leave toilets clean and fresh.

- Vanders Hand cleaner developed for use in the engineering and automotive industries. **AUTOMATIC VEHICLE WASH:**

- Sparsheen Quality hot wax concentrate. Hot wax rinse aid for automatic vehicle washers. Contains superior carnauba wax.

- Sparwash Car wash cold wax rinse aid. Superior cold wax rinse aid for use in automatic car wash machines.

- Sparkleen Car wash shampoo concentrate. High activity shampoo concentrate, designed for use in commercial washers/brushwashing machines. Contains only biodegradable surfactants. **CAR WASH AREA**

DESCALERS:

- M79 Non-acidic car wash area cleaner and lime scale remover, containing biodegradable surfactants which provide a powerful answer to the problems of cleaning cars wash areas safely.

- Scalex Fast-acting descaler developed for the effective removal of unsightly water scale and algae from car wash areas. **DE-WATERING AND PENETRATING FLUID:**

- Dispen E24 Oil film rust preventive - medium term. DISPEN E24 is a solvent deposited water displacing oil film rust preventive which meets the corrosion resistance performance requirements of Ministry of Defence Specification PX24 Def Stan 68-10/4 (NATO Code C634).
